

MOORE

COLLEGE OF ART & DESIGN
Inspiring Careers

From the Health Services Office

Welcome to Moore College of Art & Design. Health Services is located on the first floor of Stahl Hall. Diane Azuma, Moore's Registered Nurse, is available during the fall and spring semesters to meet students' routine health care needs and to handle emergencies. Health Services is open Monday through Friday from 9am-3pm.

Counseling Services

In addition to the coverage for your physical needs, Student Services also has a college counselor, Ruth Gayle, who has been working with Moore women and artists for over 15 years. She is available Mondays, 11am-6pm; Wednesdays, 12pm-6:30pm & Fridays, 11am-5:30pm. Ruth Gayle also makes referrals to off-campus therapists or psychiatrists and handles psychological emergencies in conjunction with other relevant staff members or administration.

Health Insurance

Moore College requires that all students have health insurance. If you are insured under your family's health plan, you will need to submit documentation of coverage. The link to the health insurance waiver will be made available via Moodle on the New Student Guide. For students without coverage, you will need to purchase Moore's insurance. Note, if you do not fill out the waiver or opt-out form, you will be automatically enrolled in Moore's insurance.

Health Form

Enclosed in this letter is the health form. It is your responsibility to have this form completed, signed by your physician, and returned to the health services office. You must see a doctor in order to fill out sections of this form, so make sure to make an appointment as soon as possible. It can sometimes take several weeks or even a month to get an appointment.

What you need to include with the Health Form

In order to ensure that each section is thoroughly completed, you will find a checklist in the packet that outlines which sections you and your doctor must fill out. You must also include the following and attach it to this form:

- Your immunization record
- a copy (front and back) of your health insurance card

Due Dates

It is very important that you complete the health form and have it sent in by the dates listed below. The due date is contingent upon whether you live on or off campus. Failure to return a completed health form will result in a \$100 penalty, and a hold will be placed on your student account.

-Incoming Residents: Your health form is due **Thursday, August 1, 2019**. Residents without completed health forms may not move into housing.

-Commuter Students: Your health form is due **September 6, 2019**.

Finding a Physician

If you do not have a primary care doctor and need guidance, you may contact the Student Services Office (215-965-4040) and we can assist you in figuring out the steps to finding a doctor's office or clinic. All charges for your office visit are your responsibility. There is typically a fee for a visit, in addition to the charge for vaccinations or laboratory work you may require. You must bring previous vaccination records to the physician as well.

We are pleased to say that the college is well equipped to meet your health needs. There are no long waits or anonymity often associated with university health services. We welcome you as an incoming student and look forward to helping you stay healthy while you pursue your education as an artist.

Sincerely,
Diane Azuma
Director of Health Services
Tel: 215-965-4032
Fax: 215-564-1459

Health History and Immunization Form Checklist

Use this form as a checklist to make sure every section of this form is completed by you and your Health Care Provider.
There are five sections of the form.

A. Section I: Health History—to be completed by the Student.

This information is strictly for the use by Health Services Staff and will not be released to anyone. **All students must sign the bottom of Section I, verifying that the information is correct.**

*Note, if you are under the age of 18, your parent or guardian must sign directly below in the section labeled "Parental Permit."

B. Section II: List of Required vaccines and Recommended vaccines

Please read through the listed vaccines. Your doctor will be required to fill out and verify in the next section. Also discuss with your health care provider the need for the additional four vaccines indicated on the bottom of the page.

C. Section III: Immunization Record—to be completed by a physician

In addition to attaching an official copy of your immunization record, your physician must complete this section of the form. If you do not have a required vaccine, the record indicates the next steps your physician must take.

D. Section IV: Tuberculosis Screening—to be completed by you AND the Physician

Your doctor should read over this section and circle either yes or no for each bullet point. If you circle yes to any of the questions, your doctor must conduct a Tuberculin skin Test.

E. Section V: Tuberculosis Risk Assessment—to be completed by physician.

If it is determined that you must receive a TB Skin Test, as indicated in Section IV, your doctor must go through the steps of filling out this form. The results of this test take several days to read; therefore you will need to bring back this section of the form when you return to the office for the results in order for this form to be completed.

F. Additional Reminders

1. Make sure your Health Care Provider Signs and dates the form on page 7.
It will not be complete until she/he does so.
2. Do not forget to attach a copy of your current insurance plan as well as a copy of your immunization record.
3. Instructions for returning the form are provided on page 7.

SECTION I: TO BE FILLED OUT BY THE STUDENT

A health history must be completed by **ALL** students. This information is strictly for the use of the Student Health Services and will not be released to anyone without your knowledge or consent. **PLEASE COMPLETE AND RETURN DIRECTLY TO THE DIRECTOR OF HEALTH SERVICES.**

FAMILY HISTORY

Parents	Age	State of Health	Occupation	Age of Death	Cause of Death

TO BE SIGNED BY THE STUDENT (MUST BE SIGNED BY STUDENT OR FORM WILL NOT BE PROCESSED)

I. STUDENT STATEMENT

ALL STUDENTS: The information provided in this form is correct. I understand that failure to complete the form correctly may jeopardize my student standing at Moore College of Art & Design. I will return the form to the appropriate address at the end of this form.

Student Signature _____

Student ID #: _____

Signature of parent/guardian if student is a minor _____ Date _____

PARENTAL PERMIT

The Law requires that parental permission be obtained for procedures on minors. The following consent form should be signed by the parents so that such procedures may be promptly carried out with no unnecessary delays. However, no major operation will be performed, except in extreme emergency, without parents being contacted and fully informed. I give permission for such diagnostic and therapeutic procedure as may be deemed necessary for my daughter and also to present information concerning her medical condition to other responsible college officials when deemed desirable.

Signature _____ Relationship _____ Date _____

SECTION II: List of Immunization Requirements

As a condition of enrollment, all full-time students and all students living in campus housing must meet the following requirements. Failure to meet these requirements will result in denial of student registration privileges.

1. Hepatitis B

- 3 doses of Hepatitis B vaccine are required. Doses 1 and 2 must be administered at least 4 weeks apart. Dose 3 should be at least 6 months after the 1st dose and 8 weeks after the 2nd dose. OR
- Blood test showing immunity

2. Measles, Mumps, Rubella (MMR)

- 2 doses of MMR vaccine are required. Dose 1 must be administered after the 1st birthday. Dose 2 must be administered at least 4 weeks after the 1st dose. OR
- Blood test showing immunity

3. Varicella (Chicken Pox)

- 2 doses of varicella (chicken pox) vaccine are required. They must be administered at least 4 weeks apart. OR
- Blood test showing immunity OR
- Physician documented history of chicken pox disease

4. Tetanus-Diphtheria-Pertussis (Tdap)

- 1 dose of Tdap (tetanus toxoid, reduced diphtheria toxoid and acellular pertussis) vaccine is required, and must be dated 2005 or later.
- Td (tetanus-diphtheria) vaccine does not satisfy this requirement.
- Td vaccine booster is also required if Tdap is older than 10 years.

5. Meningococcal

- 1 dose of meningococcal conjugate vaccine (MCV4, such as Menactra or Menveo) administered since age 16 is required of all incoming students who are age 21 or younger.
 - Meningococcal conjugate vaccine is preferred although meningococcal polysaccharide vaccine (MPSV4, such as Menomune) is acceptable.
 - At minimum, serogroups A, C, Y, and W-135 must be covered.
- Incoming students living on campus who are age 22 or older may submit either proof of vaccination or a Meningococcal Vaccine Waiver.
- www.cdc.gov/meningococcal

6. Tuberculosis

- Screening and risk assessment required. Please discuss with healthcare provider.

Please discuss the need for the following vaccines with your healthcare provider.

7. Influenza

- Trivalent inactivated influenza vaccine (TIV) _____ Live attenuated influenza vaccine (LAIV) _____

8. Quadrivalent Human Papillomavirus Vaccine (HPV2, HPV4 or HPV9)

(Three doses of vaccine for females and male 11-26 years of age at 0, 2, and 6 month intervals.)

9. Pneumococcal Polysaccharide Vaccine

(One dose for members of high-risk groups)

10. Meningococcal Serogroup B

(Two or three dose series; may be given to any college student or for outbreak control; may be given with quadrivalent meningococcal vaccine at different anatomic site. Must complete series with the same vaccine.)

SECTION III: IMMUNIZATION RECORD

THIS FORM IS DUE **Wednesday, January 2, 2019** (Incoming Residents)

THIS FORM IS DUE **Thursday, January 31, 2019** (Commuter Students)

TUBERCULOSIS (TB) SCREENING/TESTING

Please answer the following questions:

1. Have you ever had close contact with persons known or suspected to have active TB disease? Yes No
2. Were you born in one of the countries listed below that have a high incidence of active TB disease? Yes No
(If yes, please CIRCLE the country, below)

Afghanistan	El Salvador	Mali	South Africa
Albania	Equatorial Guinea	Marshall Islands	South Sudan
Algeria	Eritrea	Mauritania	Sri Lanka
Angola	Eswatini	Mexico	Sudan
Anguilla	Ethiopia	Micronesia (Federated States of)	Suriname Swaziland
Argentina	Fiji	Mongolia	Tajikistan
Armenia	Gabon	Morocco	Tanzania (United
Azerbaijan	Gambia	Mozambique	Republic of) Thailand
Bangladesh	Georgia	Myanmar	Timor-Leste
Belarus	Ghana	Namibia	Togo
Belize	Greenland	Nauru	Tunisia Turkmenistan
Benin	Guam	Nepal	Tuvalu
Bhutan	Guatemala	Nicaragua	Uganda
Bolivia (Plurinational State of)	Guinea	Niger	Ukraine
Bosnia and Herzegovina Botswana	Guinea-Bissau	Nigeria	Uruguay Uzbekistan
Brazil	Guyana	Niue	Vanuatu
Brunei Darussalam	Haiti	Northern Mariana Islands	Venezuela (Bolivarian
Bulgaria	Honduras	Pakistan	Republic of)
Burkina Faso	India	Palau	Viet Nam
Burundi	Indonesia	Panama	Yemen
Cabo Verde	Iraq	Papua New Guinea	Zambia
Cambodia	Kazakhstan	Paraguay	Zimbabwe
Cameroon	Kenya	Peru	
Central African Republic	Kiribati	Philippines	
Chad	Kuwait	Portugal	
China	Kyrgyzstan	Qatar	
China, Hong Kong SAR	Lao People's Democratic	Republic of Korea	
China, Macao SAR	Republic	Republic of Moldova	
Colombia	Latvia	Romania	
Comoros	Lesotho	Russian Federation	
Congo	Liberia	Rwanda	
Côte d'Ivoire	Libya	Sao Tome and Principe	
Democratic People's Republic of Korea	Lithuania	Senegal	
Democratic Republic of the Congo	Madagascar	Sierra Leone	
Djibouti	Malawi	Singapore	
Dominican Republic	Malaysia	Solomon Islands	
Ecuador	Maldives	Somalia	

Source: World Health Organization Global Health Observatory, Tuberculosis Incidence 2014. Countries with incidence rates of ≥ 20 cases per 100,000 population. For future updates, refer to <http://www.who.int/tb/country/en/>

3. Have you had frequent or prolonged visits* to one or more of the countries listed above with a high prevalence of TB disease? Yes No
(If yes, CHECK the countries, above)
4. Have you been a resident and/or employee of high-risk congregate settings (e.g., correctional facilities, long-term care facilities, and homeless shelters)? Yes No
5. Have you been a volunteer or health-care worker who served clients who are at increased risk for active TB disease? Yes No
6. Have you ever been a member of any of the following groups that may have an increased incidence of latent M. tuberculosis infection or active TB disease .- medically underserved, low-income, or abusing drugs or alcohol? Yes No

If the answer is YES to any of the above questions, Moore College of Art & Design requires that you receive TB testing as soon as possible but at least prior to the start of the subsequent semester.

If the answer to all of the above questions is NO, no further testing required.

*The significance of the travel exposure should be discussed with a health care provider and evaluated.

3. Interferon Gamma Release Assay (IGRA)

Date Obtained: ___/___/___ (specify method) QFT-GIT T-Spot other___
M D Y

Result: negative___ positive___ indeterminate___ borderline___ (T-Spot only)

Date Obtained: ___/___/___ (specify method) QFT-GIT T-Spot other___
M D Y

Result: negative___ positive___ indeterminate___ borderline___ (T-Spot only)

4. Chest x-ray: (Required if TST or IGRA is positive)

Date of chest x-ray: ___/___/___ Result: normal___ abnormal___
M D Y

Part III. Management of Positive TST or IGRA

All students with a positive TST or IGRA with no signs of active disease on chest x-ray should receive a recommendation to be treated for latent TB with appropriate medication. However, students in the following groups are at increased risk of progression from LTBI to TB disease and should be prioritized to begin treatment as soon as possible.

- Infected with HIV
- Recently infected with M. tuberculosis (within the past 2 years)
- History of untreated or inadequately treated TB disease, including persons with fibrotic changes on chest radiograph consistent with prior TB disease
- Receiving immunosuppressive therapy such as tumor necrosis factor-alpha (TNF) antagonists, systemic corticosteroids equivalent to/greater than 15 mg of prednisone per day, or immunosuppressive drug therapy following organ transplantation
- Diagnosed with silicosis, diabetes mellitus, chronic renal failure, leukemia, or cancer of the head, neck, or lung
- Have had a gastrectomy or jejunioileal bypass
- Weigh less than 90% of their ideal body weight
- Cigarette smokers and persons who abuse drugs and/or alcohol

____ Student agrees to receive treatment

____ Student declines treatment at this time
